REMARKS/ARGUMENTS

Reconsideration of the application is requested.

Claims 1-16 remain in the application. Claim 1 has been amended. Rejoinder of claims 1-9 has been requested.

The Examiner has stated in the Miscellaneous Action dated September 27, 2004 that the instant application is in condition for allowance except for the presence of previously withdrawn method claims 1-9. Claim 1 has been amended to include all the limitations of the allowed product claim 10. Therefore, rejoinder of method claims 1-9 is requested under MPEP 821.04 ("However, if applicant elects claims directed to the product, and a product claim is subsequently found allowable, withdrawn process claims which depend from or otherwise include all the limitations of the allowable product claim will be rejoined.").

In view of the foregoing, an early issuance of a Notice of Allowance to all claims 1-16 is solicited.

In the event the Examiner should still find any of the claims to be unpatentable, counsel would appreciate a telephone call so that, if possible, patentable language can be worked out.
